

Brief and important information for our users

Newsflash 2006/46

18-12-2006 Discontinuation of EBD data ST 32 and ST 35

This is to remind our users that as of next year the EBD data in SGML format (ST.32 and ST.35) is to be discontinued and will not be available. Please refer also to this *epoline*® link <http://ebd2.epoline.org/jsp/ebd1.jsp>

Termination of INPADOC PRS tags 015 and 016

As previously announced, the tags L015EP and L016EP containing application and publication numbers in INPADOC IFD format will not be distributed anymore after week 17/2007.
