

IPG - Newsletter 2000/12

Week 16/2000 delay

Due to a serious breakdown of our mainframe system we will not be in the position to produce a normal bibliographic update this week. Probably, week 16/2000 IFD (INPADOC Family Data) and IPG (INPADOC Patent Gazette) will contain only the Turkish data as announced in our newsletter 10/2000.

Legal Status data will be updated as usual.

We apologise for any inconvenience caused by this failure.
