Poland (PL) : Utility Models

From week 96/42 onwards we are planning to include Polish utility models in the IPG/IFD. The maximum lifetime of utility models is 5 years from the filing date of the application. It may be extended once for a further period of 5 years.

The document codes foreseen are:

U1	utility model application
U3	additional utility model application
Y1	granted utility model
Y3	granted additional utility model

Typical number ranges for utility model application numbers are around 100.000. The application number is also used as publication number for the U1 and U3 documents. Typical publication numbers for Y1 and Y3 are around 50.000.
