code meaning

A request to amend a complete specification after acceptance under Section 29 of the Patents Act 1949 is not allowed whilst any action for infringement or for revocation is before the Court. In these cases the Court may by order allow a patentee to amend his specification subject to the amendments being by way of disclaimer, correction or explanation. A patentee is required to give notice of his intention to the comptroller accompanied by an advertisement for the Official Gazette which sets out the amendments. Any person not party to the Court proceedings must give notice of his intention to oppose the amendments within 14 days of the advertisement, and after 21 day from the advertisement. The patentee must make his application for amendment to the Court. In the event that the application is not proceeded with then this is advertised in the Official Gazette and the Court proceedings for infringement or revocation continue.
