code meaning

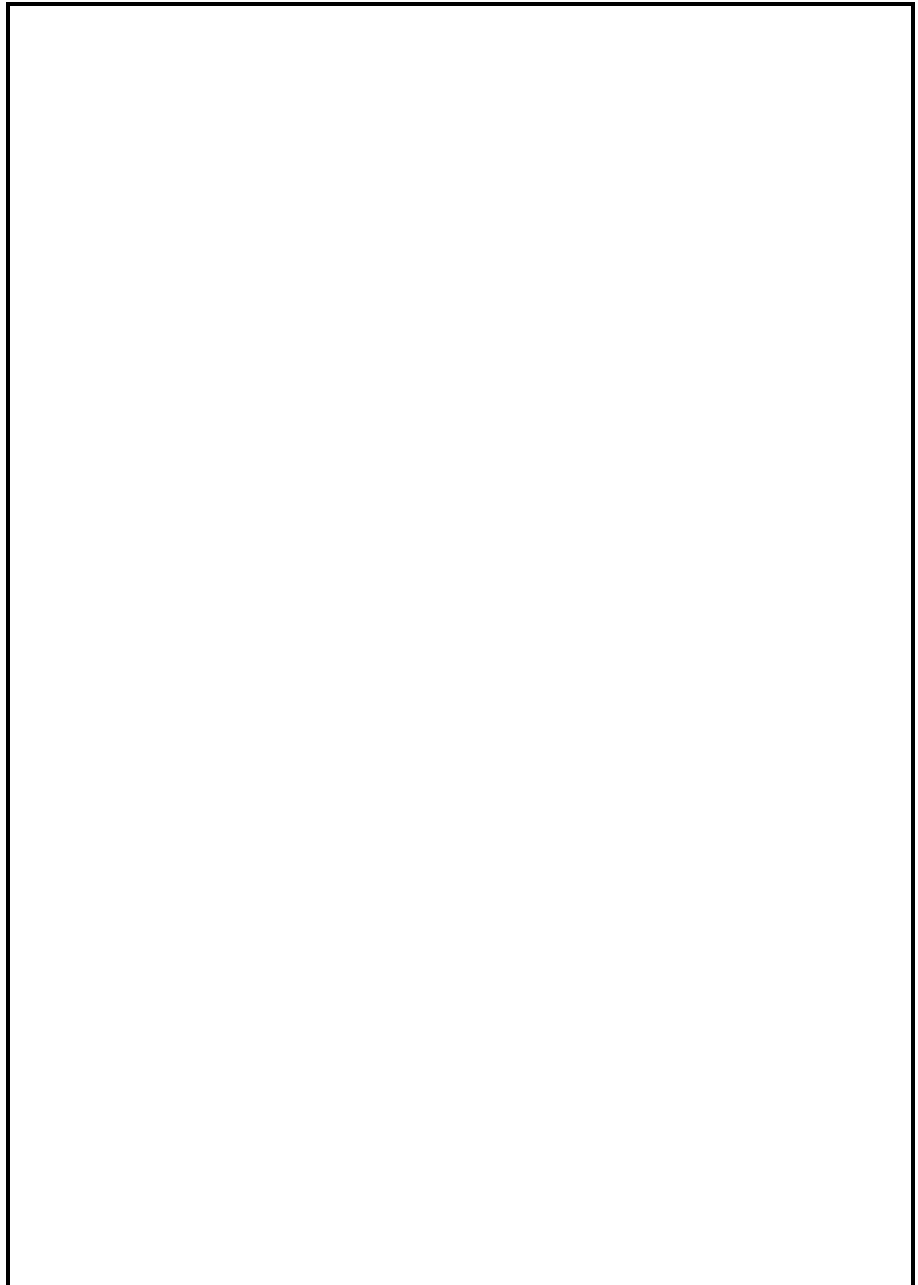

At any time within twelve months after sealing of a patent, any person interested who did not oppose the grant of the patent may apply to the comptroller for an order revoking the patent on one or more of the grounds upon which the grant of the patent could have been opposed. These grounds are: insufficiency; prior publication/claiming/use; obviousness; not an invention; and for convention applications, the application not made in time. The application for revocation must file a statement setting out his interest, full details of the case on which he relies and the relief sought. The patentee must file a counterstatement setting out his response. The application is heard by the comptroller and there is an appeal from any decision to the Patents Appeal Tribunal if heard, before 1 June 1978. In the event that the appeal is withdrawn the case is not heard and this is advertised in the Official Gazette.
