code meaning

At any time after the voluntary endorsement of a patent 'licence of right' the patentee may apply for cancellation of the endorsement. Cancellation is subject to the conditions that there are no existing licensee or the licensees consent and that the patentee pays the value of all renewal fees which would have been payable if the patent had not been endorsed. The application is advertised in the Official Gazette and any interested person may give notice of opposition to the application within one month from the date of the advertisement. The opposition is heard by the comptroller and there is an appeal from any decision. an application to cancel an endorsement may also be made by any person who claims that at the time of the endorsement the patentee was prohibited from granting further licences by contract. In the event that the endorsement is cancelled this is advertised in the Official Gazette.
