code meaning

So that the monopoly conferred by a patent does not operate against the public interest the comptroller has the power to endorse a patent 'licence of right', to grant, amend and cancel licences and to revoke the patent. Under Section 41 the comptroller may exercise these powers when the patent is for a food, or medicine, a process for producing a food or medicine or an invention capable of being used as a surgical or curative device. The application is advertised in the Official Gazette and may be opposed, the opposition being heard by the comptroller. Any appeal against any decision of the comptroller may be made to the Patents Appeal Tribunal if heard before 1 June 1978 or to the Patents Court if heard from 1 June 1978. In the event the appeal is withdrawn this is advertised in the Official Gazette.
