code meaning

At any time after the grant of a patent its proprietor may apply to the comptroller for an entry to be made in the patents register to the effect that licences under the patent will be granted as off right. The comptroller must give notice of the application to any person registered as having a right in or under the patent and, if satisfied that the proprietor is not precluded by contract from granting licences, make the register entry. For patents registered 'licence of right' the renewal fees payable are only half the fees prescribed.
